

Financial Policy

We recognize the need for a definite understanding between patient and Doctor regarding financial arrangements for dental care. Responding to this need, we have established the following financial policy. Please take a moment to read it through and sign. If you have any questions regarding this policy, please do not hesitate to ask us. For your convenience, we do accept Visa, MasterCard, Discover, checks or cash. Financing is also available through a finance company with a low fixed interest rate.

We request that payment be made at the time of service with the exception of the estimated insurance portion. If this is not possible, please make payment arrangements with our office before the scheduled appointment.

We will submit insurance claims on your behalf. We bill most insurances, and participate with Delta Dental and several Blue Cross Blue Shield companies. We do not bill Medicaid. You are responsible for your deductible, your co-pays and any services that are not covered by your insurance plan. Because dental treatment can be quite expensive, we suggest that you review your insurance manual or contact your benefit representative to verify coverage. Carriers do have limited or restricted coverage for some dental services.

For all insurance plans, please remember that your insurance coverage is a contract between you and your insurance company. We will submit claims to your carrier immediately after your visit and respond to all questions directed to our office from them. All charges are your responsibility and will be due in 60 days after services.

I have read and understand the above financial policy.
